EDUCATION

Ph.D. Coastal Sciences **2017-present**

University of Southern Mississippi Advisor: Eric Saillant

M.S. Fisheries and Mariculture **2014-2016**

Texas A&M University – Corpus Christi Advisor: David Portnoy

B.S. Aquatic and Fisheries Science **2007-2010**

SUNY College of Environmental Sciences and Forestry

EXPERIENCE

Graduate Student / Research Assistant **2017-present**
University of Southern Mississippi

- tissue sampling
- genome assembly
- linkage map construction
- ddRAD library preparation
- genomic data processing and analysis
- Linux workstation systems administrator

Graduate Student / Research Assistant **2014-2016**
Texas A&M University – Corpus Christi

- DNA isolation and ddRAD library preparation
- genomic data processing and analysis
- inshore long line project and field manager
- Uca sp. collection field manager
- DNA isolation methods on otolith surfaces
- teaching assistant (Bio II, A&P II)

Pavel V. Dimens

(917)-545-0771 | pdimens@gmail.com | https://pdimens.github.io

EXPERIENCE continued

Intern **2014**
Dauphin Island Sea Lab

- sediment contaminant study project leader
- purchases and requisitions, logistics, data entry
- organizing with collaborators from Grand Bay NERR
- sediment core acquisition and sectioning
- porewater, grain size, and stable isotope analyses

Fellow **2014**
Eurasia Foundation Social Expertise Exchange

- touring U.S. and Russian Republic national parks
- exchange best practices between both systems
- synthesize document spotlighting both parks systems
- collaboration with World Wildlife Fund Russia
- attend international working group conferences

Intern **2012-2013**
Dauphin Island Sea Lab

- oyster settlement, growth index, and stable isotope analyses
- fish stomach content analyses
- bottom, vertical long line, gillnet, seine, and hook and line
- tagging, measuring, dissection, and otolith removal of fish
- data entry, equipment design, and maintenance
- public outreach

GS-05 Wildlife Technician **2011**
USDA-APHIS: Wildlife Services

- prevent wildlife aviation conflicts at JFK Intl. Airport
- airfield monitoring

Fellow **2008-2009**
NSF Undergraduate Mentoring in Environmental Biology

- proposal development, presentations, and outreach
- in situ mesocosms in Adirondack lakes
- spectrofluorometric chlorophyll and P,N analyses
- zooplankton measurement microscopy

PUBLICATIONS

Dimens PV, Willis S, Dean Grubbs R, Portnoy DS (2019) A genomic assessment of movement and gene flow around the South Florida vicariance zone in the migratory coastal blacknose shark, Carcharhinus acronotus. Marine biology, 166, 86. DOI: 10.1007/s00227-019-3533-1

AWARDS & HONORS

McIlwain Endowment — **2021**
University of Southern Mississippi — $1207

Manuel Caboz Scholarship — **2019**
71st Tuna Conference — $2500

Student Travel Award — **2017**
American Elasmobranch Society — $500

Parents Council Student Travel Award — **2016**
Texas A&M University – Corpus Christi — $500

Sea Grant-In-Aid Graduate Research Program award — **2015**
NOAA Sea Grant — $2000

Fisheries and Mariculture Student Research Award — **2014-2015**
Texas A&M University – Corpus Christi — $1500

College of Science and Technology Graduate Scholarship — **2014-2015**
Texas A&M University – Corpus Christi — $500

C.J. Davidson Graduate Scholarship Endowment — **2014-2015**
Texas A&M University – Corpus Christi — $500

Robin Hood Oak Award — **2010**
SUNY College of Environmental Sciences and Forestry

Undergraduate Mentoring in Environmental Biology fellowship — **2009-2010**
National Science Foundation

SERVICE & TEACHING

Lecture (Invited) **2020**
University of Notre Dame - Introduction to Computational Genomics

Secretary **2019**
University of Southern Mississippi AFS Student Subunit

Student Workshop Training Series **2019**
University of Southern Mississippi
- PowerPoint
- Graphic Design
- Basic Design Theory

Student Workshop Training Series **2018**
University of Southern Mississippi
- Intro to computer language fundamentals
- Python
- Bash
- Julia

Vice President **2018-2019**
University of Southern Mississippi Marine and Estuarine Graduate Student Association

Teaching Assistant **2015**
Texas A&M University - Corpus Christi
- Biology II
- Anatomy & Physiology II

Founder **2010**
SUNY ESF Student Heart Walk Team

Founder & President **2009-2010**
SUNY ESF Music Society

Volunteer Docent **2006-2007**
New York Aquarium

Pavel V. Dimens

PRESENTATIONS

Yellowfin Tuna Genome Assembly and Linkage Map

- 71st Tuna Conference **2021**

Blackfin Tuna Population Structure

- USM Graduate Student Research Symposium **2021**
- Southern Division American Fisheries Society Meeting **2019**

Julia Programming Language

- Texas A&M Big Data Working Group **2020**

Molecular Ecology of Marine Fishes

- Gulf Coast Research Laboratory Science Café **2020**
- Corpus Christi Veterans Memorial High School **2015**

Blacknose Shark Population Structure

- Joint Meeting of Ichthyologists and Herpetologists **2017**
- Joint Meeting of Ichthyologists and Herpetologists **2016**
- Texas A&M – Corpus Christi MSGSO Research Forum **2015**
- Joint Meeting of Ichthyologists and Herpetologists **2015**
- Dauphin Island Sea Lab Graduate Student Symposium **2015**
- Texas A&M – Corpus Christi MSGSO Research Forum **2014**

Developing A Landing Cradle for Landing Large Fishes

- Gulf and Caribbean Fisheries Institute **2014**

Adirondack Pristine Lake Trophic Ecology

- SUNY ESF Symposium **2010**

MEMBERSHIPS & CERTIFICATES

American Fisheries Society	2016-present
American Elasmobranch Society	2014-2017
PADI Open Water Diver	43 logged dives
NRA/DEC Firearm Safety Course	2011
NRA Shotgun Safety Course	2011
National Scholars Honor Society	2007
